

Join Team GIST for the RideLondon to help find a cure for GIST cancer!

We have guaranteed places in the Prudential RideLondon 2016 and would love you to cycle for us!

GIST (or **G**astro-**I**ntestinal **S**tromal **T**umour) is a rare form of cancer. The charity GIST Support is a small volunteer-run charity which aims to support GIST patients and promote research into this rare cancer.

The money you raise will go towards our vital projects including the UK's only GIST tissue bank, the PAWS-GIST clinic, and upcoming research projects.

The ride this year will be on Sunday 31st July, starting at the Olympic park and taking you past many landmarks of London, out to Surrey and then back into London finishing on the Mall.

We'd provide you with a GIST Support cycle vest, promote your fundraising page on our social media, and of course be there to cheer you on during the ride!

If you're interested in one of our places or would like more details, contact Victoria at victoria@gistsupportuk.com
